Ball asked Read if the Memo (V-N) had actually been sent down to the VP. Read said no that Hughes was going to brief him orally and had a clear picture of the paper.

Ball said he did not mind the VP seeing the paper but the President was so sensitive about it. Read thought the paper was not necessary for Hughes.

Read asked if Ball had anything to send to the Sec. on the plane. Ball said no. Read suggested that Ball call the Sec. and see how he was feeling today.
